Wir wollen, dass Sie es einfacher haben!

**up to 50%
 time saving***

FlexiTherm[®] Window Bonding

Item supplied

- Power unit 100-240V
- 3 x Heating pads standard (max. 100 C°)
- 20 x fixing magnets
- 3 x FT non adhesion paper
- 1 x FT adhesive tape 25m
- User's manual
- Transport case
- Item N° 701000

Technical Data

Input current	100-240V~ 50/60Hz
Input power max.	360 VA
Outlet heating pad - each	25V max. 115W
Protection type	IP 20
Protection class	1
Insulation test	4kV
Heating technology	Carbon fibre
Temperature (surroundings)	-10° to +50°
Weight	5,2 kg

sb-1/2013 **OEM-Programms referred to automobile manufacturer* and manufacturer* of car window glues, autobody glues and fillers specifications. Misprint, errors and revisions to be reserved. © Wieländer+Schill
